

Help Point Coaching - Coaching Agreement -[_____]

Prior to entering into a personal coaching relationship, please carefully read the following agreement and indicate you understand and agree by signing below:

1. I understand that personal coaching is a relationship I have with a personal coach that is designed to help me identify and make progress in key points of personal growth. The coaching conversation will not include advice or counseling, but will instead bring about awareness through thought-provoking questions that lead to powerful discovery and relevant action.
2. I understand that I am fully responsible for choosing a topic for each session as well as the choices and decisions that surround moving forward in that area. The 1-page Points resource is a great starting point for identifying a key life-point you're facing right now.
3. I understand that our coaching conversations will be either in-person or using Google Meet for a video call. I will, as a client, make every effort to be prepared when I make the call.
4. I understand that coaching conversations are confidential and my coach will not share our discussion with others without my permission. This includes spouses, if applicable, or other church members or staff.
5. I understand that for coaching credentialing and verification purposes my name and contact information, *but not the contents of my coaching*, may be listed as an entry in the coach's hours log.
6. This partnership will be accomplished through a partnership with the Assembly of God - Mason City, IL and functions as a ministry to the congregation they serve. There are no fees under this arrangement.
